

Protect, Promote and Preserve

Willow Waterhole Greenspace Conservancy (WWGC) is a nonprofit organization committed to the development and support of Houston's newest regional park, Willow Waterhole Greenway Project. Through our award-winning partnerships with the Houston Parks and Recreation Department, Harris County Flood Control, Texas Parks and Wildlife, and the National Parks Service, WWGC has:

- Created a coalition to support the vision of a major park in southwest Houston
- Increased the park acreage through the efforts of the Houston Parks Board

With your generous help, WWGC will continue its mission to protect, preserve, and promote Willow Waterhole but also key to a successful park is community involvement and the WWGC also values donations of your time and talents.

Help us protect, promote, and preserve one of Houston's newest natural resources.

Protect

- the environment within Willow Waterhole Greenway Park
- the wetlands

Promote

- the importance not just of the Willow Waterhole Greenway Project, but all urban parks
- outdoor environmental education opportunities
- flood reduction in the Brays Bayou Watershed

Preserve

- the flora and fauna
- the Park for its visitors of today and generations to come
